PROJECTS

Water watch ↗

A Frontend Web Project.

- Built a **responsive website** using **HTML5, CSS3, Bootstrap and JavaScript**, optimized for all screen sizes
- Designed the complete **UI/UX and custom logo**, focusing on clarity and visual consistency
- View the project to explore my first web development and design work

Personal Portfolio Website

Crafted from Scratch with HTML & CSS

- **Focused on clean, user-friendly design** and fast performance for a smooth browsing experience.
- **Fully responsive website** that works seamlessly across all devices.
- **Built entirely by me** using HTML & CSS, highlighting my personal projects and frontend skills
